LANGDON LIBRARY

TRUSTEES: Adeline Johnson, Barbara Myers,
Christine Beals

HOURS: Wed., Thur., Fri., Sat. – 1 to 6 p.m.
Wed. 1 to 12 noon and Thur. evening 6 to 9

The library has had a successful year although we have suffered a measurable loss because of budget cutting at the state level. We had been borrowing about 1,200 books from the district office out of Exeter in their four yearly visits to us. Last year we received one visit and the office was closed. The projected plan to service the seacoast libraries from the Concord office has not materialized. In the meantime, we are ordering more adult fiction and adding to the magazine subscription list. Suggestions for titles are welcome.

The library received a certificate from the Statewide Library Development Program in recognition of meeting qualification standards for 1981.

In addition to our regular services: telephone reference, special orders at discount for patrons, phonograph collection, storyhour, school-library program, and more – you may use the library to:

- register to vote
- buy your copy of Newington's cookbook, A Country Collection
- turn in articles for Newington Neighbor and obtain extra and/or older copies
- get an Old Parsonage plate and
- a map of Newington dated 1951 showing the houses, roads, and naming the residents
- visit with your friends over a cup of coffee
- borrow unlimited numbers of paperbacks with no time limit specified
- pick up your church calendar

To all our patrons and friends who have donated many

useful materials this year – a special “Thanks”.

Marjorie Pickering
Librarian

* Capital Gains Reinvested

ACTIONS TAKEN ON WARRANT ARTICLES

TOWN MEETINGS – MARCH, 1981

- Article 1 Election of Officers
- Article 2. Approved Zoning Amendments.
through 9
- Article 10. Voted to leave voter registration to Supervisors of Checklist.
- Article 11. Voted to adopt an ordinance prohibiting the sale of drug paraphernalia.
- Article 12. Defeated by majority vote to petition the Senators and Representatives to limit annual increase in property taxes to 5 percent.
- Article 13. Voted to pay former Fire Chief \$10,500.
- Article 14. Voted to pay former Fire Chief and his attorney the sum of \$20,000.
- Article 15. Tabled.
- Article 16. Voted to leave care and maintenance of buildings to Selectmen.
- Article 17. Voted to allow the Selectmen to administer or dispose of any property acquired through Tax Collectors deeds.
- Article 18. Voted to authorize the Selectmen to hire money on credit.
- Article 19. Voted a Town Budget for 1981 of \$1,629,245.
- Article 20. Heard report of Town Clerk on election of officers.

SPECIAL TOWN MEETING – JUNE, 1981

- Article 1. Voted to allow the Sewer Commission authority to expend accumulated interest.
- Article 2. Voted a supplemental budget of \$269,260 for sewer operation.
- Article 3. Voted to ratify a contract for operation of the Town Sewer Plant with engineering firm.

SPECIAL TOWN MEETING – NOV., 1981

- Article 1. Voted to raise and appropriate \$25,000 for re-assessment of all real estate in Town.

BOARD OF ADJUSTMENT

The Board of Adjustment heard and took action on the following:

- 1. Approved conversion of a single family home to two family — requested by Stillman Packard.
- 2. Approved construction of a loading dock and tool shed 25 feet from sideline where 30 feet is required – requested by Custom Pools.
- 3. Approved conversion of single family home to two family – requested by Edith Roylos.
- 4. Granted variance to Fox Run Mall eliminating side and rear setback requirements for building. Not easing the setback requirements around the perimeter of the property.

NEWINGTON CONSERVATION COMMISSION

In a year of changes unprecedented since the installation of the Air Base, the Newington Conservation Commission has been called upon to act on various petitions (revolving principally around the new mall, the bridge and traffic alterations, gravel pits and river activities), attend meetings, both in town and out, and offer support and suggestions on matters affecting the general development of the Great Bay region. It is a responsibility not to be taken lightly.

Fox Point has been one of the issues in the foreground. Although there is a special committee set up for the present and long-range planning of this special area, the Conservation Commission (represented by one of its members on the committee) has long been thinking of new ideas for both preservation and uses that will not be in conflict with a historic site in an historic town.

So much is being "developed" of late, it is refreshing to talk with representatives of conservation commissions in neighboring towns who like some of the "old" Newington "as it is." This coming year, we are planning to invite members of neighboring conservation commissions to share (with possible reciprocity) meetings with us to discuss the greater impact of some of our local issues. In the rapid expansion of our home area, we all need the benefit of exchange of ideas and confidence in our future.

As a followup on Carter's Rocks, correspondence has been directed to the Board of Selectmen to continue the pursuit to resolve the long-standing boundary dispute.

We are a long way from planting "enough Christmas trees for the whole town forever," but we did make a start on our tree planting project last April. The initial

planting of the Garrison Hill project began with approximately 2,000 various pine species set out under our supervision within the area. This spring depending on the success of the plantings, more will be implemented, possibly adding the Christmas tree type. We call upon everyone to keep a watchful eye on these seedlings and not run over them with skimobiles.

Erection of historic markers is still in process.

Respectfully submitted,

Dorothy M. Watson, *Chairman*

Robert H. Lamson

Robert A. Olson

SEWER COMMISSION REPORT 1981

With the close of 1981 the Sewer Commission is now entering the transition period of winding down its duties, that have been primarily construction administration, to the commencement of operations administration.

Contracts I and II of the system are now totally complete. Contract III is 97% complete and in operation, with landscaping, resurfacing and fencing of the pumping station on Old Dover Road to be completed no later than May 31, 1982.

The dedication of the Wastewater Plant (Contract I) was observed by largely attended ceremonies on Sunday, August 30, 1981. That occasion marked the total operation of the most modern wastewater treatment facility in the State. If you have not yet visited this facility we invite you to take the opportunity to do so in the near future.

The Commission made the decision during 1981 to become the first municipality in the State to enter into a complete operations contract with a professional operations firm. This concept is used in other states and is being observed with interest by the N.H. Water Pollution Control Commission for possible future recommendation to other N.H. communities.

The Commission during the months ahead will be developing new accounting procedures for billing future users and betterment fees by use of a data process system in cooperation with the Board of Selectmen.

The Commission is proud of the accomplishments of the past thirty months. This pride can be shared by all the residents, business and industrial interests alike with the construction and operation of an ultra modern wastewater system which will preserve our environment for our future generations to enjoy.

Without the total cooperation of the various State agencies involved, our engineers and contractors, the voters and other town officials, this accomplishment could not have been realized.

My personal thanks to Commissioners Dill and Mott, former Commissioner Eames, Treasurer Myers and Clerk Marjorie Sukeforth for their unselfish devotion.

Sydney H. Frink
Chairman

NEWINGTON VOLUNTEER FIRE DEPARTMENT

1981 ANNUAL REPORT

The Newington Volunteer Fire Department responded to 108 calls during the year of 1981. The following is a breakdown of the calls:

- 34 fire calls
- 10 mutual aid calls
- 38 false alarms or alarm equipment failure
- 15 calls to assist the Ambulance
 - 5 times the Fire Boat was called upon
 - 5 public assistance calls
 - 1 call to check for a possible oil spill

During the year of 1981, 17 Fire Department members went through the Basic Firefighter course, as established by The Minimum Standards of N.H. Fire Standards and Training Commission. This course entailed 88 hours of classroom instruction, and hands on experience. This department now has a total of 19 Firefighters who have taken this course and have passed to become Certified Firefighters 1.

During the year the Firefighters have gone through other types of training, such as a Hazardous Material Spill, tours of numerous businesses in town, and fire watch during the circus visit at the Newington Mall. All in all, the Fire Department logged many hours in training and again that number in protecting the town.

I wish to thank each and every Firefighter for their time and efforts in improving their skills that are necessary in protecting the Town of Newington.

As a final note, I wish to remind the town citizens, that the Fire Department is available for Public Assistance calls as well as for emergencies. We are here to serve you.

Respectfully,

Larry Wahl
Fire Chief

NEWINGTON VOLUNTEER FIRE DEPARTMENT

1981 Ambulance Annual Report

1981 was another growth year for the Ambulance Service of the Fire Department. The total number of runs was 159, a breakdown is listed below:

Industry	19
Other businesses	7
Mall	36
Residents	17
M.V. Accidents	13
Schools	6
Recreation Fac.	3
Fire Standby	3
Boat Rescue	2
Emergency Trans.	1
Routine Trans.	3
Greenland	43
Mutual Aid	5
Haz. Mat. Drill	1
	<hr/>
	159

In addition the ambulance personnel attended 13 In-house training sessions and 14 state/seacoast trainings.

A new 1981 Ford Ambulance was placed in-service Halloween weekend. If you have not had the opportunity to see this fine piece of equipment, I will be glad to give anyone a grand tour.

The ambulance corp. has grown in numbers over the year, with 14 EMTs and 6 Advanced First Aiders (4 are presently taking the EMT course). A lot of time is necessary in keeping up with the changes in the medical field and all our personnel have devoted numerous hours to continuing education.

I wish to thank all of the personnel for their time and efforts in making this a fruitful year.

As a final note, we are available 24 hours a day, 7 days a week. If you need us, please call; we are here to serve.

Respectfully submitted,

Mary J. Wahl
Ambulance Director
Newington Vol. Fire Dept.

REPORT OF THE PLANNING BOARD

Meetings of the Planning Board have followed the usual pattern during the past year, with agendas crowded with applications, lawyers, engineers, traffic consultants, State experts, but not many interested townspeople.

The second shopping mall was approved at long last, subject to several conditions. Construction is underway and one of the early related benefits is the beautification of the Town gravel pit and the contribution of much of the remaining gravel to the building site.

Other projects which were approved included the erection of a model New England Home on the Old Dover Road, construction of additional tanks at Fuel Storage Corporation, a new building at Simplex, an additional loading dock at Dorchester Sea-3, change of use of the former Taylor Rental site on the Gosling Road to a laundromat and dry cleaning establishment and a convenience store on the Spaulding Turnpike in Waterfront industrial and General Business Zones, plus conversion to a two-family home on Airport Road and a two-lot subdivision of the Emery property on Route 151 in South Newington in the Residential Zone. An application for a 14-25 lot subdivision of the same property is presently before the Board, with the possibility of another one of similar magnitude waiting over the horizon.

The coming year will see construction of a new light industry near the entrance to Bloody Point Road, continuing construction of the Fox Run Mall; improvements to the entrances to the Newington Mall, changes in the Gosling Road, widening of sections of the Spaulding Turnpike and construction of an underpass to eliminate the present hazardous turnaround at the approach to the General Sullivan Bridge.

Recent legislation will be beneficial to Planning

Boards across the State. No longer will the Board be pressured to act on every application, regardless of merit, within 30 days from date of receipt, with possible automatic approval if final action has not been taken within 90 days. The Board will have more time for preliminary discussion, free from tricky hand-delivered requests carefully timed for the 30-day action period to expire before the regular meeting. New laws also allow all costs related to an application be charged to the applicant. These may include office time, costs for registered mail, engineering, legal or other professional services. Failure to meet such costs in advance will result in automatic cancellation of the application.

The 1982 edition of the Zoning Ordinance and Subdivision Control Regulations is ready to go to the printer. The Comprehensive Plan should be brought up to date for guidance of future Board members in arriving at decisions for subdivision of land in the many areas of the Town where previous engineering surveys show land unsuitable for development due to poor drainage.

Respectfully,

John F. Rowe, *Chairman*

NEWINGTON CEMETERY COMMITTEE

Lilacs and forsythia bloomed along the fence line of the cemetery last spring, and we have received many favorable comments on enhancing the beautification of the cemetery.

The Historical Society has suggested leaving some of the natural aisles between the lots to show the history of an old cemetery in its original condition. Although the Committee originally planned to have all areas filled in, it agreed to leave a segment to contrast the "old and new," to go along with the Historical Society's

recommendation. The area between the road by the tomb and Little Bay Road to Route 151 will be left as is (i.e., no more fill-ins).

At its last meeting, the Committee discussed the problem of rubbish disposal at the cemetery. With the new landscaped pit, there is no longer a place for grass cuttings, wilted flowers, and rubbish generated by cemetery use. In spite of a thorough discussion, no real solution was reached.

Once again — vandalism! With the challenge of the new gravel pit slopes, there will be more people in the area. However, after two more broken fence incidents, the Committee stresses a word of caution to small-type equipment operators (i.e., ski buggies and motorcycles) to keep away from the cemetery. There is no need for such carelessness, and it is both time-consuming and costly for repairs. We ask your cooperation and help in this matter to preclude further damages and vandalism within the confines of the cemetery.

The Budget Committee recommended that we leave the completion of the final phase of the water line extension to a later date, as they are trying to economize on all budgets.

Respectfully submitted,

Dorothy M. Watson, *Chairman*
Donald H. Beals
Ernest R. Kaddy
Cemetery Committee

RECREATION REPORT 1981

Keeping with one of the 1981 goals of expanding the number of family activities, recreation sponsored such events as the Halloween Party; the Folk Dance Special; and trips to the Ice Capades, New England Aquarium, Quincy Market, and the Nutcracker. The

summer program experienced a number of changes with an increase in the number of available activities including gymnastics, guitar, arts and crafts, tennis lessons and trips. Continuing to be very popular, van trips to Theatre by the Sea, Ogunquit Playhouse, the Celebrity Series and University Theater at University of New Hampshire were offered; as were exercise classes, swimming and sports trips. The Committee established a new policy regarding recreational swimming and purchased a first aid kit for the town van, picnic tables and benches.

By the end of 1982 the Recreation Committee hopes to have a written statement of philosophy and purpose, to continue expanding programs for all ages, and to offer events/programs at less or no cost to children. In working with the Fox Point Planning Committee, we want to help develop the great recreational potential of Fox Point for all residents.

In evaluating the work of the Recreation Committee in 1981, the increased number of activities offered to residents were well received and attended, but it must be remembered that the committee is composed of only a handful of people who are trying to make equitable decisions and choices for all townspeople. Without an exchange of ideas and feedback from the residents, the goal of reaching more residents with the type of recreational activities they want, will not be realized.

Annie Gasowski
Recreation Director
1981 Recreation Committee

NEWINGTON POLICE DEPARTMENT ANNUAL REPORT

During 1981, the Police Department recorded 121,531 miles and received 5,521 complaints or calls for assistance. Investigations by the department's

officers included 320 criminal offenses, 14 missing persons and 33 animal complaints. There were 93 criminal arrests made during 1981.

In the area of highway safety, efforts of our officers resulted in 20 motor vehicle arrests, 414 summonses, 1,096 motor vehicle warnings, and 27 defective equipment tags. Officers assisted 1,419 motorists while on routine patrol and rendered assistance to other law enforcement agencies on 441 occasions. During 1981, there was one fatal accident; in addition, 144 property damage accidents and 23 personal injury accidents were reported.

Police activities resulted in 509 cases being prepared for the Portsmouth District Court.

The department's prevention and service program resulted in 200 doors and windows being found unsecured. The department made 3,523 residence checks, conducted 200 escorts, investigated 232 burglar alarms, responded to 72 fire alarms and assisted in 86 ambulance calls.

During 1981, 32 motor vehicles were reported stolen from Newington, and 17 were recovered. Additional personal property valued at \$103,606 was reported stolen from Newington, while recovered property totaled \$6,631.

During 1981, we continued to see a rapid turnover in personnel, losing two of our full-time officers. We were fortunate to have replaced them by hiring Susan Irving, one of our Special Officers, and Douglas Lorenz, a former part-time officer serving in Greenland and Stratham. In addition, we were pleased to have James Trueman return to us as a Corporal, after spending four years with the Portsmouth Police Department. Our officers have continued to be active in training classes and our part-time officer has received his certification. We continue to rely heavily upon the facilities of the New Hampshire Police Standards and

Training Council, although we are developing our local training program as well.

The operation of the local government radio frequency continues to be one of the most important improvements, not only for the Police Department, but also for the Fire Department, Highway Department, Dog Officer, and other town employees.

During the past seven years, we have seen an increase in complaints and calls for assistance of more than 83.3%. With the increased demands anticipated during the forth-coming years as a result of growth, particularly as a result of the Fox Run Mall, 1982 will be a critical planning year for the Police Department. Once again, our aim is to provide the best possible service and protection for Newington. Your continued support and cooperation is greatly appreciated.

SCHEDULE OF TOWN PROPERTY as of December 31, 1981/80

Town Hall - Land & Building	\$ 230,000.00
Furniture & Equipment	75,000.00
Police Department - Land & Building	400,000.00

Parsonage - Land & Building	20,000.00
Fox Point - Land & Buildings	80,000.00
Old Stone School	25,000.00
Old Town Hall - Land & Building	35,000.00
Total	<u>\$1,635,000.00</u>

SELECTMEN'S LETTER

This year the Board of Selectment accepted with reluctance the resignation of Virginia Rowe as Town Tax Collector—a position that she has efficiently and faithfully filled for the past 25 years. We are sure that Virginia's decision was a difficult one to make, but one that she felt was necessary. Knowing this, we could only bow to her wishes, express the towns gratitude for the past 25 years, and wish her the very best in the future.

[illegible]

To the residents of the Town of Newington:

Your Board of Selectmen have held 44 meetings since January, 1981. Each member has attended many other meetings as Selectmen member of other boards and committees such as: Planning Board, Budget Committee, Fox Point Committee, Civil Defense, Mosquito Control, and there must be others that we have forgotten. All in all, making for a very busy board, however, it has been a pleasant experience for each of us. The Board has been able to work in harmony even though it has at times experienced great differences of opinion, but without rancor, (which is as it should be).

This year, the town spent a good deal of money on building maintenance. The Old Town Meeting House being one of the most visible recipients; new window sash and storm windows, as well as a much needed coat of paint have made the building more visibly attractive, and with the windows, more energy efficient. Another large item was paving the back parking lot at the town hall. We believe we now have ample parking for whatever function that takes place at the facility. Money spent to maintain property, we feel, is money well spent. It appears to us that the physical structures of the town are in excellent condition, and should with a minimum of care remain that way.

The fiscal year ending December 31, 1981 shows the town expending \$35,323.29 in interest on temporary loans. What this means is, that from town meeting until approximately November when the first taxes are collected for the budgeted year, the town operated on borrowed money at approximately 8½% to 9% interest. This year that amounted to \$35,323.29. Many of the surrounding towns and cities, in order to reduce the interest paid on anticipated loans have gone to the method of collecting taxes twice a year, July 1 and Dec. 1. The Board, along with the town Treasurer, has given this a lot of thought and has determined that this is a good business practice, and the way Newington ought to go. Therefore, as of this July 1, the Board of Selectmen will adopt the twice a year collection method.

Many of you may have wondered why your property tax took a 38% rise this year. A rate that went from \$12.40 in 1980 to \$17.20 in 1981. The reasons are:

1. The budget that was adopted at the 1981 Town Meeting.
2. A County tax rate that went from \$224,198.55 in 1980 to \$343,181 in 1981 (an increase of 53.07%).
3. Loss of tax base when the federal government assumed operation of the New England Tank industries. Also, other minor abatements. Resulting in a town portion of \$2.30, a school increase of \$.90, and a county increase of \$1.40. The town can exercise some control over the town and school tax, but very little over the county tax (a tax that we presume will increase this coming year).

Because of the forced reassessment of the town and the uncertainty as to how it will affect property

owners, the Selectmen and the Budget Committee have presented what we think is a realistic, but frugal budget for this year 1982. We hope that you will come and participate in this great form of Democracy, The Town Meeting.

/s/ Paul Kent, Chairman
/s/ Paul L. deRochemont
/s/ Leonard N. Eames
Board of Selectmen

FOX POINT COMMITTEE

The Fox Point Committee has met on a regular basis during 1981 to discuss potential uses of the Point and make recommendations to the Board of Selectmen. In addition to selective clearing for a perimeter path, the Committee recommended repair of the roof and dormers of the carriage house. One bid, from Robert G. Young and Son Construction, was received by the Selectmen, and work began in the late fall. Action on other buildings will be delayed.

A survey questionnaire was mailed to all households in Newington in late November. Preliminary results indicate that the majority of residents who responded would like to see Fox Point left in its naturally lovely condition, with minimal clearing or tree removal. Many residents indicated a desire for a beach area, a boat launching area, a picnic area, and hiking trails, if these could be done with little expense and without disturbing the wildlife.

Most suggestions for use of the buildings involved recreation – barn dances, band concerts, club meetings. Many favored restoration of the two barns, while maintaining the main house at minimal cost.

The Fox Point Committee hopes that all residents of Newington will use Fox Point and enjoy the trails and views of the Bay. Through use, additional ideas for future utilization of Fox Point can be developed.

Board of Selectmen
Town of Newington
Newington, New Hampshire 03801

I have examined the combined and individual financial statements and account groups of the Town of Newington, New Hampshire as of and for the year ended December 31, 1980 as listed in the table of contents. My examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as I considered necessary in the circumstances.

As described more fully in Note 6, the financial statements referred to above do not include financial statements of the general fixed assets, which should be included to conform with generally accepted accounting principles.

In my opinion, except that the omission of the financial statements described above results in an incomplete presentation, as explained in the preceding paragraph, the financial statements referred to above present fairly the financial position of the Town of Newington, New Hampshire at December 31, 1980 and the results of its operations and the changes in financial position of its proprietary funds for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

The supplementary data included in the schedules are not necessary for a fair presentation of the financial statements, but are presented as additional analytical data. The supplementary data have been subjected to the tests and other auditing procedures applied in the examination of the financial statements mentioned above and, in my opinion, are fairly stated only when considered in conjunction with the financial statements taken as a whole.

TOWN WARRANT
&
TOWN BUDGET

NEWINGTON TOWN WARRANT

STATE OF NEW HAMPSHIRE

TO THE INHABITANTS OF THE TOWN OF NEWINGTON IN THE COUNTY OF ROCKINGHAM AND SAID STATE QUALIFIED TO VOTE IN TOWN AFFAIRS:

You are hereby notified to meet at the Newington Town Hall on Tuesday, March 9, 1982, at 10:00 a.m. to act on Articles 1 and 2.

The polls will open at 10:00 a.m. and close at 6:00 p.m.

The business portion of the meeting to act on the ensuing Articles will resume at 1:30 p.m., Saturday March 13, 1982.

Article 1. To choose in the manner provided by law: One Selectman for a term of 3 years; One Town Clerk for a term of 1 year; One Tax Collector for a term of 1 year; One Treasurer for a term of 1 year; One Moderator for a term of 2 years; One Highway Agent for a term of 1 year; One Building Inspector for a term of 1 year; One Supervisor of Checklist for a term of 6 years; One Trustee of Trust Funds for a term of 3 years; One Library Trustee for a term of 3 years; One Superintendent of Cemetery for a term of 1 year; One Cemetery Committee Member for a term of 3 years; One Pound Keeper for a term of 1 year; One Sewer Commissioner for a term of 3 years; Three Budget Committee Members for terms of 3 years; One Budget Committee for a term of 1 year; Two Planning Board Members for terms of 3 years; One Planning Board Member for a term of 1 year; Two Fence Viewers for terms of 1 year.

Article 2. To see if the Town will vote to amend the Newington Zoning Ordinance by adding to "Uses Prohibited" in the Residential and General Business Zones the following: "Carnivals, Jamborees, Rock Concerts and Similar Large Gatherings that generate

Noise, Litter and other forms of Waste or Public Nuisance”.

Article 3. To see if the Town will vote to change the positions of Fence Viewer, Surveyor of Lumber, Measurer of Wood, from elected to appointed by the Board of Selectmen. If so voted these positions will be deleted from the ballot for the 1983 Town Meeting.

Article 4. To see if the Town will vote to change the position of Building Inspector from elected to appointed by the Board of Selectmen. If so voted this position will be deleted from the ballot for the 1983 Town Meeting.

Article 5. To see if the Town will vote to authorize the Board of Selectmen to grant a cable television franchise upon such lawful conditions as they may require to erect, install, and maintain in, under or over streets, highways and other public ways of the Town, wires, cable and other equipment related to the delivery or enhancement of television signals and other electrical impulses all in accordance with and as allowed by New Hampshire RSA 53-C (Supp '77).

Article 6. To see if the Town will vote that owners of Coin Operated Game machines be required to obtain, from the Selectmen, a permit for operation of same renewable on the first day of March each year. Fee for said permit to be \$25.00 per year for each machine.

Article 7. To see if the Town will vote to approve a contract with the engineering firm of Whitman & Howard in the amount of \$134,400 for the operation of the Town's Wastewater Treatment system for a period of one year.

Article 8. To see if the Town will vote authority to expend accumulated interest earned on the investment of sewer bond proceeds estimated to be \$184,294, to be applied as an offset for the sewer budget for 1982.

Article 9. To see if the Town will vote to leave the care and maintenance of Town Buildings to the Selectmen.

Article 10. To see if the Town will vote to authorize the Selectmen to administer or dispose of any real estate acquired by the Town through tax collectors deeds.

Article 11. To see if the Town will vote to authorize the Selectmen to hire money on credit of the Town in anticipation of taxes at a rate not to exceed the current bank rate.

Article 12. Revenue Sharing: To see if the Town will vote to appropriate twenty four thousand two hundred dollars (\$24,200) for two police cruisers and authorize withdrawal of the amount required for this purpose from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972.

Article 13. Revenue Sharing: To see if the Town will vote to appropriate twenty five thousand dollars (\$25,000) for the purpose of housing and installing an emergency generator at the Fire House and authorize withdrawal of the amount required for this purpose from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972.

Article 14. Antirecessional Fund: To see if the Town will vote to appropriate seven hundred dollars (\$700) for the purpose of equipping the new police cruisers and authorize withdrawal of this amount from the Antirecessional Fund established under the provisions of the State and Local Assistance Act of 1976.

Article 15. To hear the report of the Budget Committee and to see what sum of money the Town will vote to raise and appropriate for all Town expenditures for the ensuing year.

Article 16. To hear the report of the Town Clerk on the

election of Town Officers.

Given under our hands and seal this 16th day of
February, 1982.

TOWN OF NEWINGTON, NEW HAMPSHIRE
NOTES TO FINANCIAL STATEMENTS
December 31, 1980

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(A) Basis of Presentation

The accounts of the Town are organized on a basis of funds and account groups each of which is considered to be a separate accounting entity. The operations of each fund are accounted for by providing a separate set of self-balancing accounts which comprise its assets, liabilities, fund balances, revenues and expenditures.

The Town does not maintain a record of general fixed assets, and accordingly a complete general fixed asset group of accounts, required by generally accepted accounting principles, is not presented. (See report)

(B) Basis of Accounting

The accrual basis is used for all fiduciary fund types. Governmental fund types utilize the modified accrual basis whereby revenues are recorded when measurable and available. Expenditures are recorded when the liability is incurred (accrual basis) except for:

- a. Disbursements for inventory items (materials and supplies) which are considered expenditures at the time of purchase.
- b. Prepaid expenses which are not normally recorded.
- c. Interest on long term debt which is recorded as an expenditure when due.

(C) Continuing Appropriations

Appropriations for certain projects and specific items not fully expended at year-end are carried forward as continuing appropriations to the next year in which they supplement the appropriations of that year. At year end, continuing appropriations are reported as a component of Fund Balance and are detailed as:

GENERAL FUND:

Planning and Zoning Comprehensive Plan	\$ 3,000
Town Building Maintenance - Baseball	
Field, Town Picnic Area	3,500
School Appropriation	146,653
	<u>\$153,153</u>

TOWN OF NEWINGTON, NEW HAMPSHIRE
NOTES TO FINANCIAL STATEMENTS
December 31, 1980

(D) Investments

Investments are stated at cost. Approximate market values are as follows:

Sewer Project	\$2,400,000
Trust Funds	94,000
	<u>\$2,494,000</u>

2. PURPOSE OF FUND AND ACCOUNT GROUPS

The Town reports its activities in numerous individual funds to comply with the limitations and restrictions placed on both the resources made available to the Town and the services provided. Individual funds and account groups summarized in the accompanying financial statements are classified as follows:

A. Governmental Fund Types

These funds are intended to provide recurring general services. They are controlled by a budget approved by the voters of the Town.

General Fund - used to account for all revenues and expenditures which are not accounted for in other funds or account groups.

Special Revenue Funds (Revenue Sharing) - used to account for specific restricted revenues and expenditures for various purposes. Receipts and expenditures of each fund are governed by the terms of contractual agreements, statutes or local law.

Capital Projects Funds (Sewer Project) - used to account for financial resources to be used for the acquisition or construction of major capital facilities.

B. Fiduciary Fund Types

Trust Funds - used to account for assets held by the Town in a fiduciary capacity. Proprietary type trust funds are reserved as endowments and as such are non-expendable as to principal. Expendable type trust funds are reserved for specific purposes. Receipts and expenditures are governed by statute, local law, or by the terms of individual bequests.

TOWN OF NEWINGTON, NEW HAMPSHIRE
NOTES TO FINANCIAL STATEMENTS
December 31, 1980

3. TRUST FUNDS

Trust funds consist of the following:

	Fund Balances	
	Reserved for Endowments	Reserved for Specific Purposes
Cemetery Care	\$ 20,068	\$ 4,391
Liberal Preaching	1,321	76
Scholarships	4,445	610
Conservation	5,000	2,268
Library	68,020	676
	<u>\$ 98,854</u>	<u>\$ 8,021</u>

4. INVESTMENT EARNINGS ON EXCESS SEWER PROJECT FUNDS

In accordance with stipulations set forth in the indenture of the Sewer Bonds issued by the Town in connection with the Sewer Project Fund, the following amounts of investment earnings on excess sewer project funds have been recorded in the General Fund:

General Fund prior period adjustment for investment earnings related to year end December 31, 1979	\$ 46,447
General Fund current year revenues	385,268
	<u>\$431,715</u>

5. ANTIRECESSION FISCAL ASSISTANCE FUND

The small balance still remaining in this fund (\$701) is considered to be immaterial and is not included in this report this year.

6. PROPERTY, PLANT, AND EQUIPMENT

The Town has not maintained a complete record of general fixed assets and accordingly a complete statement of general fixed assets required by generally accepted accounting principles is not included in the financial report.

The report includes only the Sewer Project construction in progress and the Fox Point land purchase.

TOWN OF NEWINGTON, NEW HAMPSHIRE
NOTES TO FINANCIAL STATEMENTS
December 31, 1980

7. BUDGETARY INFORMATION - SPECIAL REVENUE FUND TYPE
(REVENUE SHARING FUND)

The Town does not prepare a formal annual budget for the Revenue Sharing Fund expenditures similar to the General Fund line item budget. Accordingly only the General Fund has been included in the Statement of Revenues, Expenditures, and Change in Fund Balance - Budget and Actual as reported on pages 4 - 6.

The Town does, however, vote to transfer yearly an amount from Revenue Sharing to the General Fund to be used as a setoff against a particular expenditure.

By action of Annual Town Meeting vote on Warrant Article 11. for the current fiscal year, authorization was voted to expend \$24,861 of Revenue Sharing funds for the Lamprey Regional Solid Waste incinerator.

NEWINGTON SCHOOL WARRANT 1982

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the School District of the Town of Newington, in the County of Rockingham, State of New Hampshire, qualified to vote upon District Affairs:

**YOU ARE HEREBY NOTIFIED TO MEET AT THE
NEWINGTON TOWN HALL IN SAID DISTRICT ON
SATURDAY THE 13TH DAY OF MARCH, 1982 AT
1:00 P.M. TO ACT ON THE FOLLOWING ARTICLES:**

Note: School District Officers are to be elected at the Town Meeting, March 9, 1982, in accordance with the Statutory Election Procedure adopted by the District at its February 24, 1962 annual meeting.

ARTICLE 1. To see what action the District will take in relation to reports of Agents, Auditors, Committees or Officers chosen.

ARTICLE 2. To see if the District will authorize the School Board to make application for, to receive and spend in the name of the District, such advances, grants in aid or other funds for educational purposes as may now or hereafter be forthcoming from Federal, State, local or private agencies.

ARTICLE 3. To see if the District will vote to form a Cooperative School District Planning Committee in accordance with New Hampshire RSA 195 Section 18; and to authorize the Moderator to appoint three (3) qualified voters, at least one of whom shall be a member of the School Board, as members of the Committee; and to charge the Committee with the responsibility of

filing a written report of its progress at the March 1983 Annual District Meeting.

ARTICLE 4. To see if the Newington School District will appropriate the sum of Three Thousand Dollars (\$3,000) as a contingency fund as provided under RSA 198:4-a.

ARTICLE 5. To see what sum of money the District will raise and appropriate for the support of schools, for the salaries of School District Officials and agents, and for the payment of statutory obligations of the District.

ARTICLE 6. To transact any further business that may legally come before the meeting.

GIVEN UNDER OUR HANDS AND SEALS AT SAID NEWINGTON, THIS 18TH DAY OF FEBRUARY 1982.

A true copy of Warrant – Attest:

/s/ Sharon Griffin
Barbara Hill
Thomas Hourihan
School Board

REPORT FROM THE SUPERINTENDENT

DANIEL C. DURGIN

Public education presents constant and significant challenges to all who are connected with it. Declining enrollments and the struggling economy demand that school boards and administrators continually seek creative methods of maintaining quality education while holding the line on cost.

Let me assure you that your school board and administrators are doing everything within their power to seek a reasonable balance between the dimin-

ished ability to pay of many of our citizens and the need to maintain a responsive instructional program for our students. This is becoming an increasingly difficult task and requires constant vigilance and informed planning.

Smaller districts that are experiencing an enrollment decline are researching alternatives to their present structure in the face of rising per pupil costs. Several alternatives exist. Among them are: (a) modify the program and reduce staff, (b) close the school and seek an agreement with a neighboring school district to educate the students on a tuition paying basis, (c) form a joint school organization with one or more neighboring communities.

The latter alternative is currently being explored by two of our districts as a method of combining the resources of individual school districts resulting in a single district with an expanded tax base and greater resources. Extensive research and study must occur prior to districts taking such a crucial step but the alternative is real and worthy of consideration.

The administration and staff of our four school districts continue to strive to maintain the relevancy and quality of our instructional programs. Last year I was pleased to report to you the establishment of curriculum committees in mathematics, language arts, science and social studies. In June, 1981, a grant application was submitted seeking funds to allow the planning and development of a written curriculum in mathematics and language arts, grades one through eight. On July 2, we received word from the Department of Education that our application had been approved. Five representatives from the Mathematics Curriculum Committee spent many hours last summer reviewing, updating and formalizing our mathematics curriculum for all grades. This has been completed and has received the approval of the school boards.

This past fall the very same task was undertaken by our Language Arts Committee. As of this writing, they have completed the writing of the program and are in the process of reviewing the product with the teaching staff. Once this step has been completed, it will be presented to the joint School Administrative Unit Number 50 School Board for their approval.

Any remaining funds from the grant will be used to begin a review of our science and social studies programs. It is my hope that we can also produce a formal, updated guide in these subject areas in the near future.

One of our more recently reorganized challenges in education involves meeting the needs of the gifted child. In the fall of 1980 a committee was formed comprised of parents, a school board member, a principal, a reading consultant, a guidance counselor and teachers. The Superintendent also attended in an advisory capacity. The Committee held meetings throughout the 1980-81 school year with the expressed goal of developing a plan for a School Administrative Unit Number 50 Gifted and Talented Program. Committee members soon found that individual ideas and opinions were not always shared by colleagues and considerable compromise was necessary in order to arrive at a plan which had the support of all. But members discussed their positions, compromised where necessary and drafted a sensible and appropriate plan. The School Administrative Unit Number 50 School Board has unanimously endorsed the plan and it is currently being used as a guide in each of our four school districts.

Finally, let me repeat an invitation that I extended last year to visit your schools and let us know your feelings regarding the quality of education being provided. We do listen and respond to constructive criticism. It often sharpens our focus on situations that

need attention and it gives us important feedback that we might not otherwise receive. Obviously, we also enjoy the compliments when appropriate.

In an age when public education is under more pressure than ever before, your interest and support is vital.

PRINCIPAL'S REPORT

NEWINGTON PUBLIC SCHOOLS

Every year at this time, we sit back and reflect upon the past year and begin formulating plans for the next. In doing so, we try to tell you what has been taking place throughout the calendar year, inevitably, we seem to always run out of space or neglect to mention something of consequence. So before we become remiss, let us ask your indulgence, and if after reading our synopsis you wish to pursue a point further, or want more information relating to an event, idea, and/or statement contact us at the school.

The educational approach remains varied with each staff member being encouraged to lean on his/her strengths as they accommodate the multiple learning styles of the children. As a result of this practice, each classroom resembles a kaleidoscope where patterns of learning constantly change to suit the learner. So regardless of the discipline being considered, one can see the young people working independently, or busy interacting with fellow classmates in resolving a problem while the teacher conducts a lesson with a special group. Most often these groups develop from pupil needs as observed by the mentor. Like a sudden New England weather change, the teaching organization could evolve into a whole class presentation. The point being that today's knowledge of children along with the research relating to how individuals learn calls for a myriad of strategies and not just a

simple orientation for all. Credit for the individual learning prescriptions belongs to the teachers who study the pupil achievement data and then matches the method and material to the student. It is our concerted conviction that more mileage is obtained from the instructional day when this kind of individual planning and study occurs. Reinforcing this view has been the selection of the school by two outside school districts for pupil placement .Further substantiation of the process was made by an evaluator who stated, "that positive growth is occurring and that students are achieving."

As an outgrowth of the curriculum review conducted last year, the instructional day has been rearranged to address the "3R's" in the morning segment of the day. Afternoon activities include the Social Sciences, Art, Physical Education, and Music. Each of these programs has been consolidated in order to live within the time appropriated. A decision was also made to reduce the number of Physical Education periods to one based upon the Town's active involvement in a recreation program for their children. Several direct benefits have been realized from this move, specifically, the special assistance personnel consisting of a Learning Disabilities Teacher and a Speech Therapist along with the Title I Aide have been integrated into the classroom programs with greater ease .Using a flexible grouping pattern during the first two days of the week provides the children with the opportunity to work with others at different levels as well as engage in the study of science.

According to the results of the June testing, the children have done particularly well in the areas of reading comprehension, English mechanics and expression. Definitely good news when considering the findings of yet another study which stated how the young people were falling down in their ability to read with understanding, and to write with authority along with the desire to apply the reading habit beyond the

school. Credit for the performance rests with the staff who through attendance at various workshops sponsored by the Unit #50 Staff Development Committee, or some other agency has integrated some of the good advice gained into their programs. Activities such as writing to "penpals", production of your book, and journal writing have all reaped dividends while keeping pupil interest high. Continued trips to the library every other week with a high volume of student sign outs seems to indicate a positive correlation between in and out of class reading habits. As mentioned last year, we were particularly concerned about the achievement in spelling and math. Some internal adjustments were made with very favorable attainments as a consequence. This does not imply total eradication of the problem, but rather we are making headway in conquering it and that our students are holding their own when compared to others.

Adding to and in conjunction with classroom programming, the staff provided an array of supporting activities for all grade levels. Some of these included speakers, local and visiting, while others comprised trips to see theater performances, or as follow ups to specific curriculum themes. Continued cooperation with the Recreation Committee netted several joint endeavors such as a square dancing workshop and resumption of both guitar and piano lessons. Since cooperation is being discussed, let me mention how together with the Selectmen the school has arranged for greater use of the community van. Most field trips and the bi-weekly ventures to the library are transported in this fashion. We provide the driver and the Selectmen take care of the maintenance. Indicative of the type of involvement by other agencies were the invitations from Pease to see a first class military parade ranging from a general, to blaring cannons, and refreshments. Especially delightful, but yet solemn was the magnificent Christmas party sponsored

by the Disabled American Veterans. A group who in such a brief time has demonstrated its commitment to the community.

Several documents which will assist in identifying curriculum and district procedures were brought to closure during the year. Two aspects of the accountability program were formally adopted by the School Board. These were the language arts and mathematics goals for the children throughout SAU #50. Accompanying the mathematics plan was a thorough guide for implementation. The language arts continuum is currently being produced by the Curriculum Committee.

The School Committee also accepted a process for selecting and meeting the educational needs of the gifted and talented. After considerable study and discussion, the School Board agreed upon two performance instruments presently being used for personnel within the School Administrative Unit. Position descriptions for each employee were completed and will become part of the evaluation process. In response to several inquiries a student discipline code has been drafted and submitted to the Board for their assessment. The credit for each of the documents mentioned belongs to many people who shared their ideas, energies, and time in what must have seemed at times like a never ending circle. Thank you.

In order to meet accessibility standards for all our citizens, the school parking lot adjacent to the side door was enlarged. Major entrances and exits were ramped, and two separate rest room facilities were converted into one. Capital improvements to the building consisted of a new gym floor, and the distribution of more pea stone to the roof. Continuing in our concern for energy conservation, two overhead fans were installed in the new addition. During the heating season, hot air circulation throughout the room should

be equalized and come the summer warmth, the fans should double as a cooler.

Rising food costs coupled with reduced government subsidy and fewer students led to the first student increase since the hot lunch program was initiated. Even so, the effect of the per meal differential has had a negligible impact upon the daily participation. Relating quality nutrition to good health, we have witnessed fewer absentees due to many reasons, but certainly a significant one is the preventive measures taken through routine screenings and clinics. Last year's dental program offered to preschool and elementary children had the highest participation rate in sometime.

In the past we have developed a paragraph recognizing the newcomers, but this year I would like to conclude this chronicle by thanking each and every member of the school organization for their support and dedication to the children of the Newington Community. It is you who breathe's life into this process! It is you who makes the good things happen!

**Respectfully,
Richard Michaels**

To the School Board
Newington School District
Newington, New Hampshire 03801

I have examined the financial statements of the Newington School District for the year ended June 30, 1981, as listed in the Table of Contents. My examination was made in accordance with generally accepted auditing standards, and accordingly, included such tests of the accounting records and such other auditing procedures as I considered necessary in the circumstances.

The School District has not maintained a record of its general fixed assets. Accordingly a statement of general fixed assets, required by generally accepted accounting principles, is not included with the financial statements.

A substantial portion of the revenue of the School Lunch Program consists of cash collections from ticket sales. It was not practical to satisfy myself with respect to such revenues beyond the amount as received.

In my opinion, except for the effects of the omission of the statement of General Fixed Assets and the effects of adjustments, if any, which might have been required had it been practical to test revenues of the School Lunch Enterprise Fund beyond those received, the financial statements listed in the Table of Contents present fairly the financial position of the various funds of the Newington School District at June 30, 1981, and results of transactions within such funds for the year then ended in conformity with generally accepted accounting principles which have been applied on a basis consistent with that of the previous year.

REPORT FROM THE SCHOOL BOARD

This past year has been a busy and productive one for the Newington School Board. Our lengthy meetings each month, with special ones added as needed, have been necessary to give adequate consideration to the issues before us. The time spent has been worthwhile. As well as performing the required school board functions and handling the usual school district business, we have managed to accomplish most of our special objective for 1981-82, all of which were designed to enhance the quality and efficiency of the teaching/learning process.

Our first objective, to raise levels of academic achievement in the areas of math, language arts and spelling, will be formally assessed in April when the California Achievement Test is administered. The concerted efforts on the part of the teaching staff to identify weak areas and attempt to strengthen them through instructional programming and curriculum changes leads us to expect considerable progress in this area.

Three additional objectives, designed to formalize various aspects of the management system, have all been achieved. Thanks to a lot of hard work on the part of the teaching and administrative staff, we have been able to adopt: 1) comprehensive plans that define the curriculum and instructional objectives for grades 2, 4, 6, in areas of math, language arts and social studies; 2) evaluation instruments for both certified and non-certified staff which will be used throughout SAU 50; 3) a discipline code for the student population.

Energy conservation continues to be a priority. The installation of ceiling fans in the gym, reduced thermostat settings and plans to landscape the grounds with materials that will provide wind breaks and prevent heat loss, are examples of our efforts in this area.

Our careful control over school district funds and efforts to keep costs down are reflected in the budget

proposed for the 1982-83 school year which represents a 0.3% increase over last year's budget.

The transportation contract for the 82-83 school year was awarded to the low bidder, Berry Transportation Co., and includes the following changes in schedule: the elimination of 3 short side roads from the bus route; different utilization of buses so the Senior High students do not have a long wait in the mornings; transporting the Pease Air Force Base Mobile Home Park children to the Newington School instead of the Brackett School.

The need to generate options to accomodate a declining school enrollment has stimulated considerable thought, discussion and research. The following solutions appear to us to be the most advantageous for the children and residents of Newington and have been adopted by the School Board:

- 1) Investigate the feasibility of forming a cooperative school district with Greenland. The process through which this is done is governed by Statute and requires each Town to approve the formation of a study committee by a majority vote. If approved, the committee will spend a year studying the issue and drafting articles of agreement to bring before both towns the following March. Both the Greenland and the Newington School Boards have placed articles on their respective school district warrants asking for your vote and your support on the formation of a study committee.

- 2) Meanwhile, our enrollment next year will be increased by approximately 8 children when the PAFB Mobile Home Park children come to our school in September. We also have offered an attractive tuition rate for out of district children wishing to attend the Newington School.

We will continue to do our best to represent the interest of Newington residents and Newington's children and look forward to your continued support.

Sharon Griffin, *Chairman*
Newington School Board

NEWINGTON SCHOOL DISTRICT WARRANT

1982

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the School District of the Town of Newington, in the County of Rockingham and the State of New Hampshire, qualified to vote upon District Affairs.

YOU ARE HEREBY NOTIFIED TO MEET AT THE NEWINGTON TOWN HALL IN SAID DISTRICT ON TUESDAY, THE 9TH DAY OF MARCH, 1982 AT 10:00 O'CLOCK IN THE A.M. TO VOTE FOR DISTRICT OFFICERS.

1. To choose a Moderator for the ensuing year.
2. To choose a Clerk for the ensuing year.
3. To choose a Treasurer for the ensuing year.
4. To choose a member of the School Board for the ensuing 3 years.

POLLS WILL NOT CLOSE BEFORE 6:00 P.M.

The foregoing procedure calling for election of your district officers at the annual Town Meeting is authorized by statute (RSA 197:1-a) and was adopted by the district at its 1962 meeting.

GIVEN UNDER OUR HANDS AND SEALS AT SAID NEWINGTON, THIS 18TH DAY OF FEBRUARY 1982.

A true copy of Warrant – Attest:
